## President's Message

By Jeff Klepac

At our November 5th breakfast meeting 42 people gathered to hear Jim Schmidt, Service Manager from Aristocrat Motors share his passion for serving the homeless in the KC area.

Working through the Uplift Organization, he and his family help cook and serve hot meals to the homeless three times each week.

That morning was also designated as the KC Section's annual Saturday to collect donated items for Uplift. Well, I'm proud to say that your donated goods filled their Sprinter van **and** we were able to give them a \$400 cash gift also!

Thank you for showing an abundant demonstration of compassion and generous support for this cause!!!

I am also glad to report the membership approved the Resolution of Dissolution, and as such, the officers will soon be completing the KC Section's move from Missouri to Kansas.

As we begin to wind up 2011, your board of directors is planning some fun events for the new year.

Hope you like reading about what's happening in the Mercedes-Benz community. Go to our Section website at [www.kcmbca.org](http://www.kcmbca.org) for more information.

*Come visit us. Hope to see you soon!*

## Resolution to Reincorporate Passes

The vote for passage of a resolution to reincorporate and change the articles of incorporation for the Kansas City Section was completed. The results were approved by the membership to proceed with moving the official incorporation to Kansas. Procedures are continuing to finalize the documents.

## Octoberfest Concours

October 16th, 2011

by Rich Carlson and Jeff Klepac

Sunday, October 16th turned out to be a choice day to display our fine Mercedes-Benz automobiles. The group assembled early with nearly two dozen examples adorned with the Silver Star.

From the oldest - a '61 Adenauer 300d to the newest, a 2012 SL550 - the annual gathering for this year's Oktoberfest Concours and German Car Show turned out to be a real crowd pleaser.

As for judging, those who helped evaluate each beauty once again had tough choices to make. After a couple of hours of examination, the final points were tallied and winners in each class announced. Trophies will be awarded at our Winter Gala on January 28, 2012.

## November's First-Sunday Drive

This month's drive took us 'Out in The Country'. Drivemasters John & Donna Ryan guided a large group to the Louisburg Cider Mill, located in Louisburg, Kansas. Along the way our route was full of spectacular fall color and other interesting sights.

After a shopping spree inside the Mill's store and sampling some of their delicious cider doughnuts, we traveled on to the 'Tavern' Bar & Grill for a late lunch.

While enjoying good food and conversation, we watched in anguish as the Kansas City Chiefs lost to the Miami Dolphins.

It was a perfect First-Sunday Drive - except for the game's final score.

## MBCA|KC Logo Shop Now Open!

by John Ryan

At the encouragement of its Board of Directors, MBCA|Kansas City has opened its own online Logo and Apparel Shop. Working with The Queensboro Shirt Company of Wilmington, North Carolina our section can now offer the Club Logo and special events graphics to be embroidered onto hundreds of different items ranging from T-Shirts to Polos, Jackets to Jerseys, and everything in between. No longer does the club have to predict, purchase and inventory numerous styles and sizes of logo apparel. Our new store will allow a much wider variety of items with no "up front" costs to the club. There's no minimum purchase requirement, and the item(s) will be delivered to your mailbox or doorstep. And, every item purchased provides additional revenue to the section's treasury, to help fund the great events where you'll be wearing your new "duds".

So, what are you waiting for? Head over to our website, [www.kcmbca.org](http://www.kcmbca.org) and click on the graphic/link for our new Logo Shop. And, if you want to know what to get me for Christmas, there's a nice NIKE polo with the section logo on it. Size medium, please.

New member Ed Roitz was with us on the First-Sunday Drive to St. Benedict's Abbey with his 1976 450SEL. Ed obtained an authentic and officially legal, 1976 Kansas license tag for his car.

At Mercedes-Benz of Kansas City, we're right in the neighborhood to keep your car as beautiful, meticulous, precise and well running as it was when you fell in love with it the first time. Nobody can understand and care for your Mercedes-Benz better. We immerse ourselves in every single detail of the world's most respected automobile brand every single day.

Our Certified Mercedes-Benz Technicians are trained on Mercedes-Benz by Mercedes-Benz. But once is not enough - to keep their Certified status, they've got to keep up. We have schedules built around your convenience, not ours - including Saturdays. We give you a covered drop-off area and genuine Mercedes-Benz loaners to keep you mobile.

**We want to be the place that means a great driving experience - when you buy it and as long you own it.**

MERCEDES-BENZ

Mercedes-Benz

## KC Section Helps Fill the Need

by Jeff Klepac

This story might seem unusual, but there is a definite connection to both Mercedes-Benz and the Mercedes-Benz Club of America. Most in the Kansas City area know, that for Jim Schmidt, his 'day job' is Service Manager for Aristocrat Motors, the Mercedes-Benz dealer in Merriam, KS.

However, few realize that on Monday, Wednesday or Saturday evenings, he can be found preparing or delivering food to the homeless in the Kansas City area. Jim serves on the board of directors for Uplift, a non-profit organization that has provided for the homeless in our area since 1991.

The Kansas City Section supports Uplift as a local charity and for the past three years have scheduled someone from their organization to speak at our November breakfast meeting. At that time, we encourage those who attend to bring clothing, canned goods and personal hygiene items to donate.

On November 5th, we had 42 KC section members & guests attend with a huge outpouring of donated items along with a generous cash gift.

Then on November 19th, my wife and I had a chance to ride along with Jim and his wife Jennifer to help dispense food and clothing on Uplift's 'East' route. This was a humbling experience that I will never forget. Friends, remember to always be thankful.

## October First-Sunday Drive to St. Benedict's Abbey

by Bob Smith

It was a beautiful fall day for a drive through the colorful countryside to Atchison and St. Benedict's Abbey on the campus of Benedictine College. Our guide was Father Blaine Schultz, O.S.B., a delightful man, the organist at the Abbey, and its official tour guide. He gave the Mercedes-Benz group a demonstration of a magnificent pipe organ, describing a wide variety of sounds and feelings that he and the instrument can produce. We were guided through private areas of the Monastery, the stained glass adorned dining hall and other areas used only by the monks. Also we saw displays of Abbot Barnabas Senecal's personal photography. He is an accomplished photographer. We also viewed photos taken at the Abbey in the 1950's by world-famous Life Magazine photographer, Gordon Parks.

*Bob Cox, Joyce Smith and Dudley Smith watched and listened as our tour guide, Father Blaine Schultz demonstrated the Abbey's pipe organ.*

Photo by Bob Smith

At the end of the tour Father Blaine told us a story of his personal experience with a Mercedes-Benz. Arriving in Germany for a summer long sabbatical, he was met at the airport by a former exchange student of Benedictine living in Germany. This former student drove his M-B extremely fast on the autobahn while taking Father Blaine to his home. Parked in the garage was a Porsche. His friend gave him the choice of either car to use as needed during his stay in Germany. Which one did he choose? The Mercedes, of course. He felt that he would be much safer in it than in the Porsche.

*Father Blaine readies Ed Roitz's '76 450SL for a spin around the campus of St. Benedict's Abbey.*

Photo by Bob Smith

In the Abbey parking lot, Father Blaine admired Ed Roitz's 1976 450SEL. Ed jokingly said "if you want it, here are the keys". Father Blaine took the keys, got in, started it up and drove off. We watched as he disappeared around the curving roads. He did return, saying what a nice car it is.

## DOORS RISE, JAWS DROP.

### THE SLS AMG, THE CROWN JEWEL OF MERCEDES-BENZ

Wide, gull wing doors were once the signature statement of a legendary Mercedes-Benz roadster. Now the engineers of Mercedes-Benz-AMG have updated and built them into a uniquely thrilling and undeniably ravishing new sports car concept. The interior has an equally pulse-quickenning design inspired by the layout of an aircraft cockpit. And at the heart of the matter is a 6.32-liter, 571-hp engine so extraordinary it's engraved with the signature of the master German craftsman who built it to take you 0-100 kph in 3.8 seconds. Come be astonished by the magnificent new SLS AMG, at the Kansas City area home of automotive greatness: Aristocrat, of course.
